

Aga Khan University (AKU)

Stadium Road, Karachi — Comprehensive Knowledge Base for RAG Training
Version: 2025-26 | Verified Against Official AKU and Cross-Referenced Sources

SECTION 1: OVERVIEW & HISTORY

Aga Khan University (AKU) is a private, non-profit, non-denominational international research university. Its primary campus is located on Stadium Road, Karachi, Sindh, Pakistan. AKU is an agency of the Aga Khan Development Network (AKDN) and was founded in 1983 by Prince Aga Khan IV, the Forty-Ninth Imam of the Ismaili Muslims.

Source: Wikipedia — Aga Khan University; AKU Official About Page (aku.edu/about)

AKU was established as Pakistan's first private international university when its charter was formally presented to the Chancellor by the President of Pakistan in 1983. The vision for the university was first announced in 1964 when plans to construct an Aga Khan Hospital and Medical College were announced.

Source: Wikipedia — Aga Khan University; NotesRead.com — AKU Karachi Study Notes

Key milestones in AKU's history: 1983 — University charter granted and first class of nursing students graduated. 1985 — Aga Khan University Hospital (AKUH) inaugurated in Karachi. 1989 — First batch of graduates from the Medical College. 1994 — Institute for Educational Development (IED) inaugurated in Karachi. 2002 — Institute for the Study of Muslim Civilisations established in London. 2005 — Aga Khan Hospital in Nairobi upgraded to Aga Khan University Hospital. 2007 — AKU Examination Board conducted its first Secondary School Certificate examinations. 2015 — Aga Khan University Tanzania granted university charter. 2021 — Aga Khan University Kenya received a charter. 2022-23 — Faculty of Arts and Sciences (FAS) launched at the Stadium Road Campus in Karachi.

Source: Wikipedia — Aga Khan University

AKU began as a health sciences university and has since expanded to encompass teacher education, the study of Muslim civilizations, journalism, early childhood development, public policy, and a liberal arts undergraduate program. It operates campuses and programs in Pakistan, Kenya, Tanzania, Uganda, the United Kingdom, and Afghanistan.

Source: Wikipedia — Aga Khan University; TopUniversities.com — AKU Profile

AKU is a unique hybrid institution: an agent of social development as well as an academic institution of excellence. It is guided by four core principles: Quality, Relevance, Impact, and Access.

Source: AKU Official Website — About AKU (aku.edu/about); AKDN Official Website — Medical Colleges

AKU is among the largest private healthcare providers in Pakistan and East Africa. AKU hospitals were the first in those regions to be accredited by the US-based Joint Commission International (JCI).

Source: Wikipedia — Aga Khan University

AKU accounts for 75% of all biomedical research output in Pakistan, while the remaining 25% is shared by all other institutions. AKU publishes more research articles in peer-reviewed, internationally indexed journals than any other university in Pakistan. Six of Pakistan's ten most productive health researchers are AKU faculty members.

SECTION 4: UNDERGRADUATE PROGRAMS — KARACHI

Bachelor of Medicine, Bachelor of Surgery (MBBS) is a five-year undergraduate medical degree offered at AKU's Medical College, Pakistan. The program is open to all academically qualified candidates from anywhere in Pakistan and overseas, without consideration to gender, religion, race, creed, colour, or domicile. There are no quotas, reserved seats, or admissions against donations at AKU. Admissions are strictly merit-based and open to candidates globally.

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs)

The MBBS curriculum at AKU emphasizes problem-based learning, early clinical exposure, and community health services. Students spend nearly one-fifth of their time focusing on community health and spend significant time in low-income settlements of Karachi as part of AKU's Urban Health Programme.

Source: AKDN Official Website — Medical Colleges; MDCATUpdates.com — How to Get Admission in AKU

Bachelor of Science in Nursing (BScN) is offered at AKU's School of Nursing and Midwifery (SONAM), Pakistan. SONAM graduated its first class in 1983, making it a pioneer in professional nursing education in Pakistan. The BScN program prepares graduates for leadership roles in nursing, education, research, and public health.

Source: Wikipedia — Aga Khan University; AKU SONAM Financial Assistance Page (aku.edu/sonampk)

Bachelor of Science in Midwifery (BScM) is offered at AKU's School of Nursing and Midwifery for students interested in midwifery and maternal-newborn care.

AKU also offers Advanced Diploma programs, continuing education, and professional development courses through LEADS (Lifelong Learning — Leadership, Education, and Development in Sciences) accessible online.

Source: AKU Official Website — LEADS Section (aku.edu/leads)

SECTION 6: AGA KHAN UNIVERSITY HOSPITAL (AKUH)

Aga Khan University Hospital (AKUH) in Karachi was inaugurated in 1985. It is a world-class tertiary care teaching hospital and the primary clinical training facility for AKU's medical, nursing, and allied health students. AKUH is one of the most advanced teaching hospitals in the region.

Source: Wikipedia — Aga Khan University; Maqsad.io — How to Get Admission in AKU

AKUH was the first hospital in Pakistan and East Africa to be accredited by the US-based Joint Commission International (JCI), an internationally recognized gold standard for hospital quality and patient safety.

Source: Wikipedia — Aga Khan University

AKUH serves as a site for NIH-registered clinical trials and is a major center for biomedical research. The hospital provides clinical exposure to AKU students across a wide range of specialties.

Source: Wikipedia — Aga Khan University

AKUH is also a major healthcare provider for the broader community, serving patients from all socioeconomic backgrounds in Karachi. It provides specialist care and supports the University's Urban Health Programme in low-income settlements.

Source: AKDN Official Website — Medical Colleges

SECTION 7: ADMISSION ELIGIBILITY CRITERIA

Admission at AKU is strictly merit-based for all programs, without regard to gender, religion, race, creed, colour, domicile, or financial background. There are no quotas, reserved seats, or admissions against donations.

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs); TopUniversities.com — AKU Profile

For MBBS — Pakistani applicants: A minimum of 70% marks in FSc Pre-Medical (or equivalent). In practice, successful candidates typically have 85% or above in FSc, or A grades at A-Level, given the extreme competitiveness of the program. A-Level applicants need a minimum of three B grades in Physics, Chemistry, and Biology.

Source: Maqsad.io Blog — How to Get Admission in AKU; PMDC.org.pk — AKU Admission Guide 2025

For MBBS — International applicants: Candidates from outside Pakistan who hold a four-year foreign degree are exempt from the AKU Admission Test. All others must take the test. Proof of English proficiency and academic equivalency evaluations may be required.

Source: MDCATUpdates.com — How to Get Admission in AKU; CounselorCorporation.com — AKU Fee and Courses

AKU has no preference for any particular type of school preparation. Candidates from Urdu-medium and English-medium institutions, from Pakistan or abroad, who have successfully completed or are

completing their HSSC or graduate education, may apply.

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs)

For BScN (Nursing): Applicants must have a strong science background at the secondary and higher secondary level. Specific minimum marks criteria are published in the AKU Admissions Prospectus each year.

Source: AKU Official School of Nursing and Midwifery Admissions Page (aku.edu/sonampk)

For postgraduate programs (MSc, MPhil, PhD): Applicants must hold a relevant undergraduate or postgraduate degree with a solid academic background, along with relevant clinical or professional experience and strong research interest. Specific criteria vary by program.

Source: PMDC.org.pk — AKU Admission Guide 2025; CounselorCorporation.com — AKU Profile

For the Institute for Educational Development (MEd, PhD in Education): Applicants must have a relevant undergraduate degree and teaching or education sector experience. Detailed criteria are listed in the IED admissions information.

Source: Wikipedia — Aga Khan University; AKU Official IED Page

SECTION 8: AKU ADMISSION TEST

The AKU Admission Test (also referred to as the AKU Entrance Test) is a mandatory requirement for MBBS and other undergraduate health sciences programs. It is not the national MDCAT but AKU's own proprietary test designed to select candidates based on scientific aptitude and analytical reasoning.

Source: PMDC.org.pk — AKU Admission Guide 2025; MDCATUpdates.com — How to Get Admission in AKU

Test format: The AKU Admission Test consists of 100 questions divided into two sections. Section 1: Science Achievement — 50 MCQs based on FSc syllabus subjects (Physics, Chemistry, Biology). Section 2: Science and Mathematics Reasoning — 50 MCQs testing analytical and reasoning skills. There is negative marking in the Science Achievement section.

Source: MDCATUpdates.com — How to Get Admission in AKU

The AKU Admission Test for the 2025 MBBS intake was scheduled for July 28, 2025, and was held at multiple centers across Pakistan including Chitral, Faisalabad, Gilgit, Hyderabad, Karachi, Lahore, Multan, Peshawar, Quetta, Rawalpindi, and Sukkur.

Source: PMDC.org.pk — AKU Admission Guide 2025; MDCATUpdates.com — How to Get Admission in AKU

Merit formula for MBBS (2025): 70% weightage is given to the AKU Admission Test score, and 30% weightage is given to prior academic performance (FSc Pre-Medical or A-Level equivalent). Candidates must meet the minimum eligibility threshold in FSc (at least 70%) to be considered.

Source: PMDC.org.pk — AKU Admission Guide 2025

The AKU Admission Test application fee for Pakistani applicants is Rs. 7,000. This fee is paid at the time of online application submission.

Source: MDCATUpdates.com — How to Get Admission in AKU

Following the AKU Admission Test, shortlisted candidates who perform well are invited for an interview as part of the selection process. The interview evaluates motivation, critical thinking, and communication skills.

Source: Ilmkidunya.com — AKU Karachi Admission Guide; CounselorCorporation.com — AKU Profile

SECTION 9: APPLICATION PROCEDURE

All applications to AKU are submitted online through the official portal at aku.edu/apply-online. Paper applications are not accepted.

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs)

Step-by-step process: (1) Create an account on the AKU admissions portal. (2) Complete the online application form with accurate personal and academic details. (3) Upload required documents including academic transcripts, CNIC/passport, and photographs. (4) Pay the application fee online. (5) Submit the application before the stated deadline.

Source: Educated.pk — AKU Karachi Admission Guide; MDCATUpdates.com — AKU Admission Guide

For the MBBS 2026-2027 cycle, admissions were open with the last date for submission of applications being May 13, 2026. For the 2025-2026 MBBS cycle, the application window opened in March 2025 and closed on May 8, 2025.

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs); Maqsad.io Blog — How to Get Admission in AKU

The AKU admissions process evaluates prospective students on a needs-blind basis — no student is denied admission based on his or her financial situation. Admission decisions are made purely on academic merit.

Source: AKU Official Fees and Funding Page (aku.edu/admissions/fees-and-funding); AKU Official MBBS Admissions Page

For graduate and doctoral programs, applications additionally require academic transcripts, a statement of purpose, and letters of recommendation. Some programs may also require an interview.

Source: CounselorCorporation.com — AKU Profile; Ilmkidunya.com — AKU Karachi Admissions

SECTION 10: REQUIRED DOCUMENTS

Documents required for MBBS application: Completed online application form. SSC/Matric certificate and marksheet (or O-Level equivalence from IBCC). HSSC/Intermediate certificate and marksheet (or A-Level equivalence from IBCC). CNIC or B-Form. Passport-sized photographs. Payment confirmation of application fee (Rs. 7,000). For overseas applicants: passport copy and equivalence documentation.

Source: MDCATUpdates.com — How to Get Admission in AKU; AKU Official Admission Information Booklet (aku.edu/admissions/Documents/admission-information-MBBS.pdf)

For graduate programs, applications additionally require: undergraduate/postgraduate degree certificates and transcripts, letters of recommendation, a personal statement or statement of purpose, and proof of English proficiency where applicable.

Source: CounselorCorporation.com — AKU Profile; AKU Official Admissions Page (aku.edu/admissions)

The AKU Admission Information booklet contains detailed and updated document requirements for every educational system (FSc, A-Levels, IB, American system, etc.) and is available for download on the official AKU website.

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs)

SECTION 11: KEY ADMISSION DATES

AKU publishes key admission dates on its official website at aku.edu/admissions/key-dates. Dates are updated for each annual cycle.

Source: AKU Official Key Admissions Dates Page (aku.edu/admissions/key-dates)

For the MBBS 2025-2026 cycle: Admissions opened in March 2025. Application deadline: May 8, 2025. AKU Admission Test: July 28, 2025. Merit list expected in November 2025.

Source: Maqsad.io Blog — How to Get Admission in AKU; PMDC.org.pk — AKU Admission Guide 2025

For the MBBS 2026-2027 cycle: Application deadline is May 13, 2026 (as per the official AKU admissions page).

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs)

Students are strongly advised to monitor the official AKU website and admissions portal for the most current dates, as these are updated annually and may change without prior notice.

Source: AKU Official Admissions Page (aku.edu/admissions)

SECTION 12: FEE STRUCTURE

AKU is a private institution and charges significantly higher fees than public sector medical universities. However, its needs-blind admissions and extensive financial aid programs ensure that financial background does not prevent deserving students from attending.

Source: AKU Official Fees and Funding Page (aku.edu/admissions/fees-and-funding); Maqsad.io Blog — How to Get Admission in AKU

For MBBS (Pakistani students): The annual tuition fee is approximately PKR 1,550,000 (PKR 1.55 million) and the total annual university fee (including tuition and other charges) is approximately PKR 1,700,000 to PKR 1,704,000 per year.

Source: Maqsad.io Blog — How to Get Admission in AKU; Ilmkidunya.com — AKU Karachi Fee Structure

The official and most current fee structure for each program is published as a downloadable PDF on the AKU admissions website. The MBBS fee structure document is available at

aku.edu/admissions/Documents/fee-structure-MBBS.pdf and the BScN fee structure is at aku.edu/admissions/Documents/fee-structure-BSCN.pdf.

Source: AKU Official MBBS Admissions Page (aku.edu/admissions/mbbs); AKU BScN Fee Structure PDF (aku.edu/admissions/Documents/fee-structure-BSCN.pdf)

The application fee for the AKU Admission Test is Rs. 7,000 for Pakistani applicants. Mode of payment details are published in a separate document on the AKU admissions page.

Source: MDCATUpdates.com — How to Get Admission in AKU; AKU Official Mode of Payment Document (aku.edu/admissions/Documents/mode-of-payment.pdf)

Fee structures are subject to annual revision. Students are advised to always refer to the official AKU fee structure PDF for the most accurate and current figures for their specific year of admission.

Source: AKU Official Admissions Page General Advisory

SECTION 13: FINANCIAL ASSISTANCE & SCHOLARSHIPS

AKU's admissions process is conducted on a needs-blind basis — no applicant is denied admission due to financial constraints. After admission, students who cannot afford fees are encouraged to apply for financial assistance.

Source: AKU Official Fees and Funding Page (aku.edu/admissions/fees-and-funding)

AKU offers both merit-based scholarships and need-based financial assistance. Scholarships can cover tuition, boarding, and living expenses, particularly for medical and nursing programs.

Source: CounselorCorporation.com — AKU Fee and Courses; PMDC.org.pk — AKU Admission Guide 2025

For the School of Nursing and Midwifery Pakistan (SONAM), more than 89% of students study on financial assistance or merit-based scholarship, thanks to the support of generous donors.

Source: AKU Official SONAM Financial Assistance Page (aku.edu/sonampk/Pages/financial-assistance.aspx)

AKU collaborates with financial institutions to offer low-interest education loans with flexible repayment terms for students who need additional support beyond grants and scholarships.

Source: BusinessRadar.co.ke — AKU BScN Fees Structure 2025; CounselorCorporation.com — AKU Profile

Work-study programs are available, allowing eligible students to earn money by working part-time in various departments on campus, reducing their overall financial burden.

Source: BusinessRadar.co.ke — AKU BScN Fees Structure 2025

For graduate-level and continuing education programs, financial aid is also available. Students must apply separately for financial assistance after receiving their admission offer.

Source: CounselorCorporation.com — AKU Fee and Courses

SECTION 14: RESEARCH

AKU accounts for approximately 75% of all biomedical research output in Pakistan. It publishes more research articles in internationally indexed peer-reviewed journals than any other university in Pakistan.

Source: Wikipedia — Aga Khan University

AKU's research focuses on pressing issues facing low-income countries. Work published in leading journals such as The Lancet and The New England Journal of Medicine has led to policy changes including the introduction of new vaccines in Pakistan, reduction of polio cases in insecure areas, and evidence informing national and international health improvement efforts.

Source: AKDN Official Website — Medical Colleges

Undergraduate medical students at AKU have published up to 50 research papers in indexed health journals. AKU is one of the few universities in Pakistan to provide undergraduate-level research facilities.

Source: Wikipedia — Aga Khan University

The University Research Council (URC) funds competitive research grants reviewed by a Grants Review Committee. A University Research Office guides and supports research conducted across all campuses.

Source: Wikipedia — Aga Khan University; AKU Official Research Page (aku.edu/research)

AKU is a registered site for NIH-registered clinical trials. It maintains a Clinical Trials Unit in Pakistan and a Clinical Research Unit in Kenya.

Source: Wikipedia — Aga Khan University; AKU Official Research Page (aku.edu/research)

AKU organizes international and national research workshops and seminars. The Health Sciences Research Assembly is held annually, at which faculty and students present their research findings.

Source: Wikipedia — Aga Khan University

AKU has partnerships with top global institutions including Johns Hopkins University, the University of Washington, and the University of Toronto, enhancing its research and academic profile.

Source: Maqsad.io Blog — How to Get Admission in AKU; MDCATUpdates.com — AKU Admission Guide

SECTION 15: RANKINGS & RECOGNITION

AKU is consistently ranked as the number one medical university in Pakistan. In a 2025 ranking of Pakistani medical colleges, AKU was ranked first, above Dow University of Health Sciences and King Edward Medical University.

Source: Maqsad.io Blog — How to Get Admission in AKU

Internationally, AKU is ranked approximately 187th in Asia and around 688th globally according to some ranking metrics. It is ranked #1001-1200 in the QS World University Rankings 2026.

Source: Educated.pk — AKU Karachi Admission; TopUniversities.com — AKU Profile

AKU is recognized and accredited by the Higher Education Commission (HEC) of Pakistan. All medical programs are recognized by the Pakistan Medical Commission (PMC).

Source: UniRank AKU Profile; AKU Official About Page

AKUH Karachi and Nairobi were the first hospitals in Pakistan and East Africa respectively to be accredited by the US-based Joint Commission International (JCI), a globally recognized standard for hospital quality.

Source: Wikipedia — Aga Khan University

AKU's Medical College faculty and alumni include prize-winning scientists, practitioners, and members of the US National Academy of Medicine. More than half of all physicians educated at AKU are women.

Source: AKDN Official Website — Medical Colleges

Almost 8,000 women and men have graduated from AKU's medical programs. Many AKU graduates secure positions or further training at leading healthcare institutions globally, with some going on to study, work, and teach at the finest healthcare institutions in the world.

Source: AKDN Official Website — Medical Colleges; Maqсад.io Blog — How to Get Admission in AKU

SECTION 16: FACILITIES

AKU's Karachi campus features state-of-the-art lecture halls, laboratories, and modern simulation labs for clinical skills training across medicine, nursing, and allied health programs.

Source: CounselorCorporation.com — AKU Profile; Ilmkidunya.com — AKU Karachi Admission Guide

The AKU library is a comprehensive academic resource center offering access to a vast collection of books, journals, and online databases. It supports research and academic work across all faculties.
