

DUET Chatbot Knowledge Base (2025-2026)

1. Institution Overview

Dawood University of Engineering and Technology, commonly known as DUET, is a public sector university located in Karachi, Sindh, Pakistan. It was originally established in 1962 and was elevated to full university status in 2013. The university serves as a major engineering and technology institution in Sindh. Students can apply online through the official admission portal at admissions.duet.edu.pk.

2. Campuses

DUET operates across three campuses:

- **Jinnah Campus:** The main campus where all B.E. Engineering programs are held.
- **Gulberg Town Campus:** Houses the Faculty of Information and Computing Science, where all B.S. Computing and Applied Sciences programs are conducted.
- **Iqbal Campus:** Located in Gulshan-e-Iqbal and is dedicated to the Bachelor of Architecture program. Students applying for B.Arch. must be aware that they will be studying at a completely separate campus from engineering students.

3. Programs Offered

3.1 B.E. Engineering Programs

All B.E. programs are four-year undergraduate degrees offered at the Jinnah Campus. These programs are PEC accredited. To be eligible, students must have a minimum of 60% aggregate in HSC Pre-Engineering or hold a DAE in a relevant technology.

- **B.E. Chemical Engineering:** Focuses on process engineering and industrial chemistry.
- **B.E. Electronic Engineering:** Covers circuitry, embedded systems, and signal processing.
- **B.E. Industrial Engineering and Management:** Integrates engineering principles with business management to optimize complex processes.
- **B.E. Metallurgy and Materials Engineering:** Focuses on the development and processing of materials.
- **B.E. Energy and Environment Engineering:** Addresses sustainable energy solutions and environmental conservation.
- **B.E. Petroleum and Gas Engineering:** Tailored for the upstream and downstream oil and gas sector.
- **B.E. Computer System Engineering:** Bridges the gap between hardware and software engineering.
- **IMPORTANT:** B.E. Telecommunication Engineering has been permanently discontinued and is NOT available from Fall-2025 onwards. The chatbot must never suggest or recommend this program to any applicant under any circumstances.

3.2 B.S. Computing and Applied Sciences Programs

All B.S. programs are four-year undergraduate degrees offered at the Gulberg Town Campus.

- **Eligibility:** Students must have a minimum of 50% aggregate in HSC. Accepted HSC groups include Pre-Engineering, General Science, and Pre-Medical.
- **Pre-Medical Condition:** Students who come from a Pre-Medical background and are admitted to any Computing program must complete 6 credit hours of deficiency Mathematics courses during their first year at the university.
- **Available Programs:** B.S. Computer Science, B.S. Artificial Intelligence, B.S. Cyber Security, B.S. Data Science, B.S. Mathematics, and B.S. Business Information Systems.
- **IMPORTANT:** B.S. Chemistry was not offered in the most recent intake. The chatbot must not confirm its availability. If a student asks about B.S. Chemistry, they should be directed to contact the admissions office directly for the latest status.

3.3 Bachelor of Architecture

- The Bachelor of Architecture, known as B.Arch., is a five-year undergraduate program.
- It is housed exclusively at the Iqbal Campus in Gulshan-e-Iqbal. This is a separate campus from the Jinnah Campus and Gulberg Campus. Students must factor in the campus location when making their decision.

3.4 Postgraduate Programs

- DUET offers postgraduate programs including M.E., M.S., and Ph.D. degrees across engineering and computing disciplines.
- The most recent admission announced was for Spring 2026.
- The university has HEC-approved Ph.D. supervisors, particularly in Chemical Engineering and Electronic Engineering, facilitating advanced research.

4. Admission Process

4.1 How Merit is Calculated — CPN Formula

- DUET uses a Composite Percentage Number, known as CPN, to rank all applicants and determine merit.
- **The Formula:** Entry Test score carries 60% weightage, HSC result carries 30% weightage, and SSC or Matriculation result carries 10% weightage. So the CPN equals 0.6 multiplied by the Entry Test percentage, plus 0.3 multiplied by the HSC percentage, plus 0.1 multiplied by the SSC percentage.
- **Minimum Requirement:** The minimum CPN required to be eligible for admission is 50. Any applicant who scores below a CPN of 50 is completely disqualified and cannot be admitted regardless of how many seats are available.

4.2 Entry Test

The entry test consists of 100 multiple choice questions. There is no negative marking, meaning students are not penalized for wrong answers.

- **Pre-Engineering Group:** 25 questions from English, 10 from Analytical Reasoning, 15 from General Knowledge, 20 from Physics, 10 from Chemistry, and 20 from Mathematics.
- **Computer Science Group:** 25 questions from English, 10 from Analytical Reasoning, 15 from General Knowledge, 20 from Physics, 10 from Mathematics, and 20 from Computer Science. Note that

Chemistry is replaced by Computer Science in this group.

4.3 Application Details

- Students must apply online through admissions.duet.edu.pk.
- The application processing fee is PKR 3,000.
- Required documents include HSC and Matric marksheets, CNIC or B-Form, and Domicile Certificate also known as Form-C.

4.4 Admission Categories

There are two admission categories:

- **Open Merit:** The standard category where students are ranked purely based on their CPN.
- **Self-Finance:** Available for students who fall below the open merit cutoff. Under this category students pay a higher one-time fee to secure admission, in addition to the regular semester fees.

5. Fee Structure

5.1 One-Time Charges for Local Merit Students

When a local merit student gets admitted, they pay a total of PKR 10,000 in one-time charges.

- **Admission Fee:** PKR 5,000 (Non-refundable).
- **Security Deposit:** PKR 5,000 (Refundable upon leaving the university).

5.2 Per Semester Fees for Local Merit Students

Every semester, a local merit student pays the following:

- **Semester Registration Fee:** PKR 6,000
- **Examination Fee:** PKR 2,000
- **Library Fee:** PKR 1,000
- **Laboratory Fee:** PKR 1,000
- **Games Fee:** PKR 1,000
- **Development Fee:** PKR 2,000
- **Tuition Fee:** PKR 3,700 per credit hour. Since a standard semester load is between 15 and 18 credit hours, the tuition fee per semester typically ranges from PKR 55,500 to PKR 66,600.
- **Transport:** Optional charge of PKR 7,000 per semester for students who use the university bus service.

5.3 Fees for Foreign Students

Foreign or international students have a separate fee structure.

- **One-time admission fee:** USD 250.
- **Per Semester:** USD 150 as a registration fee and USD 70 per credit hour as tuition.

5.4 Self-Finance Fees

Self-finance fees are paid one time in addition to regular semester fees. Students may pay this amount in up to four equal installments if they submit a written request to the Convener of the Admission Committee.

- **PKR 600,000 (+ taxes) / USD 4,000 (+ taxes):** For B.E. Electronic Engineering and B.E. Computer System Engineering.
- **PKR 400,000 (+ taxes) / USD 3,000 (+ taxes):** For B.E. Chemical Engineering, B.E. Industrial Engineering and Management, B.Arch., B.S. Computer Science, B.S. Artificial Intelligence, and B.S. Cyber Security.
- **PKR 300,000 (+ taxes) / USD 2,500 (+ taxes):** For B.E. Petroleum and Gas Engineering, B.E. Metallurgy and Materials Engineering, and B.E. Energy and Environment Engineering.

6. Refund Policy

DUET follows the HEC National Fee Refund Policy. The Admission Fee of PKR 5,000 is absolutely non-refundable under any circumstances, no matter when the student withdraws.

- **Up to 7th or 10th day (First week):** 100% refund of tuition and semester fees.
- **Up to 15th day (Second week):** 50% refund.
- **After the 15th day:** No refund at all.
- **Conditional Applicants:** For students who were waiting for their results and applied conditionally, 100% of the semester fee is refunded within 3 weeks of the announcement of the result if they do not qualify for final admission.

7. Scholarships

DUET supports approximately 40% of its student body through various scholarships and financial aid programs.

- **Internal scholarships:** Awarded to top position holders based on academic merit.
- **External scholarships:** Include Benazir Undergraduate Scholarship, HEC Need-Based Scholarship, PEEF (Punjab Educational Endowment Fund), SEEF (Sindh Educational Endowment Fund), Balochistan Endowment Fund, Kamran Educational Foundation scholarship, and Dawood Foundation scholarship.
- **Application requirements:** Students must provide supporting documentation including salary slips of parents/guardians, utility bills, and death certificates in the case of orphans. This ensures transparency in the selection process.

8. Transport

DUET operates a subsidized point-to-point bus service across Karachi. The transport fee is PKR 7,000 per semester and is completely optional. There are 10 routes covering various parts of the city:

- **Point 01:** Northern Bypass -> Maymar Mor -> Sachal Mor -> Maskan -> Nipa -> Hassan Square -> University.
- **Point 02:** Sachal Goth -> Safoora Goth -> Mosmiyat -> Nipa.
- **Point 03:** Korangi (stops at 89, Babar Market, Korangi No. 5) -> Qayumabad -> FTC -> Khudad Colony.
- **Point 04:** Gulshan-e-Hadeed -> Malir Halt -> Shahrah-e-Faisal -> Jail Chowranghi.

- **Point 05:** Bhitaabad -> Kamran Chowrangi -> Johar Mor.
- **Point 06:** Naval Chowrangi -> Baldia Town -> Banaras -> Board Office.
- **Point 07:** Steel Town -> Malir 15 -> Drigh Road -> Aga Khan Hospital.
- **Point 08:** Shireen Jinnah Colony -> Boat Basin -> Cantt Station -> Gurumandir.
- **Point 09:** 4K Chowrangi -> Nagan Chowrangi -> Karimabad -> Liaquatabad.
- **Point 10:** Orangi Town (Islam Chowrangi) -> Board Office -> Water Pump -> Teen Hatti.

9. Hostel

- DUET provides hostel accommodation with an annual fee of PKR 121,000.
- This is broken down into PKR 77,000 for accommodation and PKR 44,000 for mess charges.
- The fee can be paid in installments.
- The university is currently revamping the Iqbal Campus to expand student accommodation capacity as part of a strategic expansion plan.

10. Critical Rules The Chatbot Must Always Follow

- B.E. Telecommunication Engineering is discontinued and must never be suggested or mentioned as an available option to any student for Fall-2025 or any future session.
- B.S. Chemistry is not confirmed to be available in the current intake. Do not tell students it is available. Always redirect them to the admissions office.
- Any student with a CPN below 50 is ineligible for admission. This rule has no exceptions regardless of seat availability or any other factor.
- The admission fee of PKR 5,000 is non-refundable. This must be clearly communicated whenever fees or refunds are discussed.
- Self-finance fees are always charged on top of regular semester fees. Never quote only the self-finance amount without mentioning that semester fees are additional.
- Pre-Medical students who get admitted to any B.S. Computing program must complete 6 credit hours of deficiency Mathematics in their first year. Always mention this when a Pre-Medical student asks about BS programs.
- B.Arch. students study at the Iqbal Campus in Gulshan-e-Iqbal which is a completely separate campus from the Jinnah Campus. Always clarify this when a student asks about the Architecture program.
