

# Dow University of Health Sciences (DUHS)

Comprehensive Knowledge Base for RAG Training

Version: 2025-26 | Verified Against Official DUHS Sources

## SECTION 1: OVERVIEW & HISTORY

Dow University of Health Sciences (DUHS) is a public sector medical and health sciences university located in Karachi, Sindh, Pakistan. The university was formally established in December 2003 by the Government of Sindh, incorporating the historic Dow Medical College (DMC), which was originally founded in 1945. The university is named in honor of Dr. Ruth K.M. Pfau, a celebrated physician and humanitarian.

DUHS is ranked among the top three medical universities in Pakistan according to the Higher Education Commission (HEC). It maintains a global alumni network of over 17,000 healthcare professionals. The university's motto is "To Heal | To Educate | To Discover."

The university is fully recognized and accredited by the Higher Education Commission (HEC) of Pakistan. All medical and dental programs strictly adhere to the regulations set by the Pakistan Medical Commission (PMC), formerly known as the Pakistan Medical and Dental Council (PM&DC;).

DUHS is affiliated with Civil Hospital Karachi and operates its own teaching hospitals, including Dow University Hospital at Ojha Campus. The university is known for its experienced faculty, advanced research infrastructure, and strong clinical training environment.

## SECTION 2: CAMPUS LOCATIONS

DUHS operates primarily from two main campuses in Karachi, Sindh.

The first is the historic Dow Medical College (DMC) Campus, located on Baba-e-Urdu Road in central Karachi. This campus houses the original Dow Medical College and the Institute of Business and Health Management (IBHM), which runs the EMBA program on weekends.

The second is the Ojha Campus, which is the larger and more modern hub of the university, located in the Ojha area of Karachi. It houses Dow University Hospital, the School of Postgraduate Studies, Dow College of Pharmacy (DCOP), Dow Institute of Medical Technology (DIMIT), Dow Institute of Cardiology (DIC), Dow College of Biotechnology (DCOB), the School of Public Health, and the student hostels. The IBHM at Ojha Campus runs BBA and MBA programs during morning and evening sessions.

## SECTION 3: UNDERGRADUATE PROGRAMS

DUHS offers a wide range of undergraduate degree programs across medicine, dentistry, allied health sciences, and business.

The flagship medical program is the Bachelor of Medicine and Bachelor of Surgery (MBBS), a five-year program divided into ten semesters. It follows an integrated teaching approach combining theoretical knowledge with hands-on clinical experience. MBBS is offered at Dow Medical College (DMC) and Dow International Medical College (DIMC).

The Bachelor of Dental Surgery (BDS) is offered at Dow Dental College (DDC), Dow International Dental College (DIDC), and the Dr. Ishrat ul Ebad Khan Institute of Oral Health Sciences (DIKIOHS).

The Doctor of Pharmacy (Pharm-D) is a five-year professional degree offered at Dow College of Pharmacy (DCOP) in both morning and self-finance evening programs.

The Doctor of Physical Therapy (DPT) is a five-year program focused on rehabilitation and physiotherapy with practical clinical exposure at DUHS facilities.

BS Nursing is a four-year undergraduate program offered for both male and female students.

BS Biotechnology is a four-year program offered at Dow College of Biotechnology (DCOB).

BS Medical Technology is a four-year program at Dow Institute of Medical Technology (DIMIT). A separate specialization, BS Medical Technology in Nuclear Medicine, is also offered at DIMIT.

BS Optometry and Visual Sciences is a four-year program at DIMIT.

BS Cardiovascular Technology is a four-year program at Dow Institute of Cardiology (DIC).

BS Forensic Sciences, BS Radiologic Technology, BS Dental Care Professionals, BS Public Health, BS Psychology, and BS Nutrition and Food Sciences are all four-year undergraduate programs offered at their respective schools and institutes.

The Bachelor of Business Administration (BBA) is offered as both a two-year and four-year program at IBHM, Ojha Campus. A BS in Accounting and Finance (BSAF) is also offered as a four-year program at IBHM.

## **SECTION 4: POSTGRADUATE AND PhD PROGRAMS**

DUHS provides comprehensive postgraduate programs through its School of Postgraduate Studies and various constituent institutes.

The Master of Business Administration (MBA) is a two-year program offered at IBHM in morning and evening sessions at Ojha Campus. An Executive MBA (EMBA) is a two-year weekend program at DMC Campus.

Master of Dental Surgery (MDS) is a postgraduate dental specialization. Master of Health Professions Education (MHPE) is a master's program in health education. Master of Public Health (MPH) is offered through the School of Public Health.

MS in Management Sciences, MS in Advanced Practice Therapy (MSAPT), MS in Biomedical Engineering (MSBE), and Master of Science in Nursing (MSN) are research-based master's programs.

MPhil and PhD programs are offered in various disciplines. The PhD in Pharmacology (Pharmaceutical Sciences) runs for three to eight years. PhD applicants must hold a minimum CGPA of 3.0 and pass the university's qualifying test or an HEC-recognized GAT Subject examination.

## **SECTION 5: FACULTIES, DEPARTMENTS & CONSTITUENT COLLEGES**

DUHS is structured across multiple constituent colleges and institutes.

Dow Medical College (DMC), established in 1945 on Baba-e-Urdu Road, is the flagship medical college offering MBBS.

Dow International Medical College (DIMC), established in 2007, admits 150 MBBS students annually, primarily catering to overseas Pakistanis and local Karachi-domicile students.

Dow Dental College (DDC), Dow International Dental College (DIDC), and Dr. Ishrat ul Ebad Khan Institute of Oral Health Sciences (DIKIOHS) offer the BDS program.

Dow College of Pharmacy (DCOP) offers Pharm-D. Dow College of Biotechnology (DCOB) offers BS Biotechnology.

Dow Institute of Medical Technology (DIMT) offers BS Medical Technology, BS Optometry and Visual Sciences, BS Radiologic Technology, and BS Medical Technology in Nuclear Medicine.

Dow Institute of Cardiology (DIC) offers BS Cardiovascular Technology.

School of Public Health offers BS Public Health and MPH. School of Dental Care Professionals offers BS Dental Care Professionals. School of Postgraduate Studies manages all master's and doctoral programs.

Institute of Business and Health Management (IBHM) offers BBA, BSAF, MBA, and EMBA programs.

Dr. Abdul Qadeer Khan Institute of Behavioral Sciences is associated with BS Psychology and behavioral health programs.

Dow Institute of Biological, Biochemical and Pharmaceutical Sciences (IBBPS) serves as a CRO and clinical trial research site. Dow Institute for Advanced Biological and Animal Research (DIABAR) supports advanced biological research. The Centre for Education and Training in Clinical Research (CETCR) supports clinical research training.

## **SECTION 6: ADMISSION ELIGIBILITY CRITERIA**

Eligibility requirements at DUHS vary by program level and type.

For MBBS and BDS at public sector seats (DMC, DDC), applicants must have passed HSSC Pre-Medical or an equivalent such as A-Levels (IBCC-certified) with a minimum of 60% marks, as per PMC rules. A valid MDCAT score meeting PMC requirements is mandatory. Domicile and Permanent Residence Certificate (PRC) of Sindh province are mandatory for public sector seats.

For Dow International Medical College (DIMC), the minimum FSc marks requirement is 65% in HSSC Pre-Medical or equivalent, and a minimum 60% score on the National MDCAT is required.

For allied health programs (BS Nursing, BS Medical Technology, BS Cardiovascular Technology, BS Radiologic Technology, BS Optometry, BS Forensic Sciences, BS Dental Care Professionals, BS Public Health, BS Psychology, BS Nutrition, DPT, and Pharm-D), applicants must have a minimum of 60% marks in HSSC Pre-Medical or equivalent. Candidates must score at least 50% in both FSc and the DUHS entry test to be eligible for merit listing.

For the MBA, applicants need 16 years of education with a minimum of 50% marks. For general Master's programs, a minimum CGPA of 2.5 or 60% marks in the relevant undergraduate degree is required. PhD applicants require a minimum CGPA of 3.0.

## **SECTION 7: ENTRY TESTS**

An entry test is mandatory for all degree programs at DUHS. No exemptions are granted.

For MBBS and BDS, the National MDCAT (Medical and Dental College Admission Test) is required. In Sindh, IBA Sukkur administers the MDCAT on behalf of the PMC. It is held once annually, typically in September or October. The MDCAT covers Biology, Chemistry, Physics, English, and Logical Reasoning. It consists of 200 MCQs to be completed in 150 minutes. There is no negative marking.

The minimum MDCAT score for MBBS eligibility is 65% (130 out of 200 marks). The minimum MDCAT score for BDS eligibility is 55% (110 out of 200 marks).

For allied health programs including BS Nursing, BS Medical Technology, BS Cardiovascular Technology, BS Radiologic Technology, BS Optometry, BS Forensic Sciences, DPT, and Pharm-D, DUHS administers its own internal DUHS Entry Test at Ojha Campus. The minimum passing mark for most BS programs is 50%. For Pharm-D specifically, the minimum passing mark in the DUHS entry test is 25%.

For business programs (BBA, MBA) at IBHM, the DUHS Entry Test evaluates quantitative and verbal skills. The minimum passing score for the MBA entry test is 50%.

The merit formula for BS programs is 50% FSc marks and 50% DUHS entry test score. For MBBS and BDS, merit is based on SSC marks at 10%, HSSC marks at 40%, and MDCAT score at 50%. The final aggregate is rounded to four decimal places.

## **SECTION 8: APPLICATION PROCEDURE**

The entire admission process at DUHS is conducted online through the official admissions portal at [admissions.duhs.edu.pk](https://admissions.duhs.edu.pk) or [admission-duhs.fffii.app](https://admission-duhs.fffii.app). Physical application forms are not accepted.

Applicants must create an account on the portal, fill in personal and academic details, select the desired program and seat category, upload required documents, and pay the application fee online.

For MBBS and BDS, applicants must also register separately with the PMC/UHS portal for the national MDCAT process.

For Pharm-D, DPT, and BS programs, applications are submitted directly on the DUHS portal. Entry test details are communicated through the DUHS website after application.

## **SECTION 9: REQUIRED DOCUMENTS**

A complete application must include the filled online application form, HSSC or A-Level transcripts, SSC or O-Level transcripts, CNIC or B-Form copy, passport-sized photographs, and MDCAT or DUHS entry test result slip.

A-Level applicants must provide an IBCC equivalence certificate for both O-Level and A-Level qualifications.

For public sector medical and dental seats, an original Permanent Residence Certificate (PRC) and domicile certificate from the tagged districts of Sindh province are mandatory.

For postgraduate programs, additional documents include the undergraduate degree certificate and official transcripts.

## **SECTION 10: ADMISSION DEADLINES**

Application deadlines vary by program and intake session. Deadlines are hard limits — applications submitted after the cutoff are explicitly rejected.

For MBBS and BDS in the 2025-26 session, the application deadline was November 17, 2025. For Pharm-D, DPT, and BS Biotechnology, the window for the 2025-26 session closed on December 13, 2025. Postgraduate master's program deadlines are announced separately per intake.

Students must monitor the official DUHS website ([duhs.edu.pk](http://duhs.edu.pk)) and the admissions portal for updated deadline announcements each academic year.

## **SECTION 11: CLOSING MERIT AND COMPETITIVENESS**

Securing a seat at DUHS is highly competitive, especially for MBBS and BDS.

For the MBBS program at DUHS in the Karachi division for 2025-26, top merit candidates secured aggregates exceeding 92.33%. The closing cut-off for general public sector seats in MBBS typically hovers around 75.6% aggregate.

Seats are divided by category: open merit, reserved seats for interior Sindh divisions (Sukkur, Shaheed Benazirabad, Mirpurkhas, Larkana, Hyderabad), and self-finance seats. DUHS also reserves a limited number of seats for students with Punjab domicile under the provincial quota system.

No marks are deducted for extra attempts in FSc, provided the student passed Matriculation within the last two years.

## **SECTION 12: FEE STRUCTURE**

Fee structures at DUHS are categorized by program and academic level.

For BS Medical Technology: admission fee is 45,000 PKR and annual tuition fee is 150,000 PKR, with additional library and student activity charges. With transport, the total first-year cost is approximately 217,500 PKR.

For MBA: admission fee is 35,000 PKR and semester tuition fee is 93,929 PKR.

For PhD programs: admission fee is 35,000 PKR and semester tuition fee is 122,452 PKR.

For MBBS at Dow International Medical College (self-finance/overseas): annual fee is approximately 1,000,000 PKR excluding hostel and transport.

The DUHS application fee is 2,500 PKR (non-refundable, paid online only). The national MDCAT registration fee, paid separately to PMC/IBA Sukkur, is 8,000 PKR (also non-refundable).

Fee structures may be revised by the university at any time during the course of study.

## **SECTION 13: SCHOLARSHIPS AND FINANCIAL AID**

DUHS offers merit-based and need-based financial aid programs.

The DUHS Merit Scholarship is awarded based on strong academic performance in qualifying examinations and entry test results.

The Ehsaas Scholarship, a federal government initiative available at DUHS, can cover up to 100% of tuition fees for financially deserving students.

Students apply through the university's financial aid office, which evaluates both economic hardship and academic merit.

Formal installment plans are not standard policy for open merit seats but may be reviewed case-by-case by the financial directorate for severe hardship cases.

## **SECTION 14: REFUND POLICY**

DUHS enforces strict refund policies. The 2,500 PKR DUHS application fee and the 8,000 PKR MDCAT registration fee are entirely non-refundable under any circumstances.

Tuition fee refunds upon seat cancellation are governed by national higher education guidelines, which dictate timeline cut-offs for partial or full recovery. Students cancelling enrollment before the semester begins may be eligible for partial refunds depending on timing relative to the academic calendar.

## **SECTION 15: FACILITIES**

DUHS maintains a dedicated point bus fleet serving various routes across Karachi. Transport is optional and published in separate with-transport and without-transport fee structures.

Hostel facilities at Ojha Campus are available separately for male and female students. Rooms are furnished with Wi-Fi, security, and mess services. Accommodation is primarily for students from outside Karachi or overseas. Space is regulated and not universally guaranteed for all candidates.

The DUHS library provides access to academic journals, reference books, and digital databases, with a separate annual library fee.

DUHS also offers sports and recreational facilities, a Dow Day Care center, the Dow Skill Development Center, a Professional Development Centre, and an Emerging Leadership Academy.

## **SECTION 16: RECOGNITION AND RANKINGS**

DUHS is fully recognized by the Higher Education Commission (HEC) of Pakistan and regulated by the Pakistan Medical Commission (PMC) for medical and dental programs.

The university is ranked among the top three medical universities in Pakistan by the HEC. As a public sector institution, DUHS programs are subsidized compared to private universities.

DUHS holds over 70 years of legacy in medical education through its founding institution, Dow Medical College, established in 1945.

## **SECTION 17: CONTACT AND ONLINE RESOURCES**

Official university website: [www.duhs.edu.pk](http://www.duhs.edu.pk)

Official admissions portal: [admissions.duhs.edu.pk](http://admissions.duhs.edu.pk)

Online application portal: [admission-duhs.fffii.app](http://admission-duhs.fffii.app)

Admissions queries email: [admissions@duhs.edu.pk](mailto:admissions@duhs.edu.pk)

The DUHS Journal of Health Sciences is the university's official academic publication.

Students are advised to always refer to the official DUHS website and admissions portal for the most current information, as deadlines, fees, and seat availability change each academic year.
